Forwarded with compliments to the Chief Engineer for Roads & Buildings for favour of perusal in the above paper of the Trust Board to purchase the said equipment

By order

for Secretary

U.O.No. 12 Dated. 7-7-47

Returned with compliments

2 The Trust Board proposes to purchase earthwork and other machinery at an initial cost of Rs 2,40,000/-. The maintenance staff &c., required amounts to Rs 2,600/- per month. As seen from the programme of works as furnished to me by the Trust Board Engineer, I am of opinion that during the current official year at any rate there seems to be no need for the purchase of any earth moving machinery. Even later on, I am not sure that such machinery would at all be needed.

3. When large quantities of earthwork or other kind of work are to be done, it is best to give it away to competent contractors or piece-workers. Employing machinery will not bring down cost in any case

4. The Agricultural Department had purchased some Bull dozers One or two may be tried in a place where a new road is to be formed. It is seen that a Bull dozer cannot cut if the soil is soft rock or chattu. The machine will be useful only if the earth is fairly soft.

5 If construction of new roads on a large scale is to be taken up, a steam or better a Diesel roller, one water lorry, one tar boiler may be found useful A jeep car and a station van meant for inspection purposes may be needed.

P T O

9924/L

9924

The other items may not be needed this year and their purchase may be postponed

Web. Bajpai
Chief Engineer for Roads and Buildings.

The Secretary to Government,
Revenue Department.

3(1) A note of discussions that took place on 11th September 1947 in the Education Minister's Chamber with the Chairman, City Improvement Trust Board, Bangalore and the Chief Engineer for Roads and Buildings in connection with the proposed purchase of machinery, tools and plants for the Trust Board.

Reference :— ----

Correspondence ending with ~~Irrigation City~~ the Chairman's letter No.G.53/47 dated 9th August 1947.

1) Bull Dozer - 1

Purchase was considered unnecessary as it involves heavy cost and its maintenance etc., would be expensive and difficult.

It was decided to request the Chief Engineer for Irrigation to spare the Bull Dozer that was available with the Department for some time. It will be worked as an experimental measure and its working cost etc., examined. The Chairman brought to the notice that the Chief Engineer for Irrigation was agreeable to place the Bull Dozer at the disposal of the Trust Board - provided its cost of maintenance etc., is borne by the Trust Board.

2) Steam Road Rollers - 2
3). Stone Crusher - 1

After discussion their purchase was agreed upon.

4). Cement Mixer - 4

Was considered expensive and unnecessary.

5). Mechanical Drills. -

Considered not necessary for the present.

6.) Lorries

Their purchase was agreed upon, as they were considered necessary for transport of materials etc.,

7). Water Lorries - 2

The purchase of only one lorry was considered sufficient for the present owing to petrol and various other difficulties and also as a measure of economy.

8). Tar Boilers - 6

The purchase of only two was considered sufficient.

9). Fissen Huts. - 6

939/mf

9) Nissen Huts - --B-- 6

Chief Engineer brought to the notice that such huts were not available at all now.

10). Jeep Car - 1

Its purchase was considered necessary for inspection and other purposes.

11) Station Waggon. - 1
12. Excavator ½ C Yd. Capacity -- 1

Were considered necessary.

39 In the end the Chairman, Trust Board was requested to send up suitable revised proposals in the light of the above decisions both as regards the machinery etc. to be purchased and the establishment etc., required.

+Is a copy of the note of the discussions

From the chairman Trust Board, Bangalore

No 95/47 & 16-9-47

Requests sanction to the purchase of machinery etc, as decided at the meeting held in the chamber's of the Minister for E&S & P H on 10/9/47

42) Submitted

As seen from the note under para 34 of the notes the purchase of

the following machinery has been decided at the meeting held on 11-9-47

			ND
1	steam Road Rollers	——	2. ✓
2	stone crushers	——	1 ✓
3	Lorries	——	2 ✓
4	water Lorry	——	1 ✓
5	Tar Boilers	——	2 ✓
6	Jeep car	——	1 ✓

43) A Bull Doza is to be borrowed from the P W D, the cost of maintenance being borne by the Trust Board This was also agreed upon at the said meeting

44) As seen from item 11 at page 34, the purchase of a station wagon was considered unnecessary but the chairman has included this also in the machineries to be purchased vide item 8(A) – flg 5 This is for orders

This was considered unnecessary at the meeting of the Chairman may be asked to include it in the list of machineries to be purchased

45) In addition to the purchase of the above machinery, the chairman says that the purchase of the Two plant articles and survey instruments and mechanical ~~machines~~ referred to in the statement – flg B – ~~have been~~ and the appointment of the staff

re purchase of machinery required
939/1717/L File No /by the Trust Board, Bangalore
Continuation Sheet Current No of Page

required for ~~of~~ running the machinery to be purchased as noted at 'B' in the statement flg 9 - has been agreed upon at the meeting held in the chambers of the Minister

46) The total cost involved on account of the proposal in question is noted below -

		Rs	
1	purchase of machinery such as Jeeps car etc	— 1,14,000 -	this excludes the cost of station wagon (Rs 8000)
2	cost of maintaining the staff required (cost of maintaining the staff required for the station wagon is also included in this item)	— ~~Rs~~ 2,550	/pm (including D A)
3	cost of Tools & plants ~~etc~~ & and Mechanical instruments	— 12,500/-	

47) In the above circumstances, the proposal of the chairman is submitted for orders - Ref paras 37 & 40 of the notes

hra
25/9 Rec'd

WD 06577—GPB—5 000—9 8 47 -

Sanction may be accorded to the purchase of the tools & plant articles at an estimated cost of Rs 6500/- and of survey & mathematical instruments at a cost of Rs 600/- these are very necessary

(4) The purchase of the machine numbered from 2 to 7 (inclusive) may be approved at a total cost of Rs 1,14,000 The Bull dozer may be retained for the and the station waggon need not be purchased as decided at the meeting

) In regard to the establishment proposed for running the above machine, it must be said that the ~~tools~~ no of hands is very liberal for example to start with, it would be sufficient to have one cleaner for each machine, in addn to the helper and oilman proposed - instead of two as now proposed (vide note in regard to each item in Page 5)

Further it will not be necessary to entertain the entire establishment except

It maybe employed as & when necessary

2) It is also recommended if this establishment may not be ordered to be employed on a temporary basis for three years in the first instance

agreed by the Chairman

3) It is stated that the necessary provision to meet the non-recurring recurring cost is made in the budget of the Board for 1947-48 the budget of the Board has not yet been put for the month of Jan.

agreed by the Chairman

The proposals made above are for consideration in consultation with the Financial Secretary

CIRCULATION NOTE

SUBJECT:- RE: PURCHASE OF CERTAIN MACHINERY REQUIRED BY THE BANGALORE CITY IMPROVEMENT TURST B O A R D:
****

The City Improvement Trust Board of Bangalore is entrusted with the work relating to the formation of big Residential Extensions and the Industrial Suburbs at Bangalore, costing several lakhs of rupees. With a view to facilitate the speedy and efficient execution of the works, the Trust Board have proposed to purchase certain Machinery and Tools and Plant, as it is considered much more easy and economical to get the Schemes executed with the help of modern machinery instead of by manual labour. These proposals have been considered at a meeting of the former Minister for Education, the Chairman of the City Improvement Trust Board and the Chief Engineer for Roads and Buildings and suitably modified, as detailed in the statement appended, the total cost required being Rs.1,26,500/-.

In order to operate the Machinery, the establishment referred to in the statement appended is also proposed to be appointed. The Financial Secretary has no objection to the purchase of the machinery referred to, and the scales of pay as proposed by him, are adopted in the case of the establishment to be entertained in this connection. Necessary provision has been made in the budget estimates of the Trust Board for the Year 1947-48 to meet this expenditure.

The proposals have been accepted by the Minister for Finance and Industries and approval of the Council of

CIRCULATION NOTE

SUBJECT:- RE: PURCHASE OF CERTAIN MACHINERY REQUIRED BY THE BANGALORE CITY IMPROVEMENT TRUST B O A R D:

****

The City Improvement Trust Board of Bangalore is entrusted with the work relating to the formation of big Residential Extensions and the Industrial Suburbs at Bangalore, costing several lakhs of rupees, with a view to facilitate the speedy and efficient execution of the works, the Trust Board have proposed to purchase certain Machinery and Tools and Plant, as it is considered much more easier and economical to get the Schemes executed with the help of modern machinery instead of by manual labour. These proposals have been considered at a meeting of the former Minister for Education, the Chairman of the City Improvement Trust Board and the Chief Engineer for Roads and Buildings and suitably modified, as detailed in the statement appended, the total cost required being Rs.1,26,500/-.

In order to operate the Machinery, the establishment referred to in the statement appended is also proposed to be appointed. The Financial Secretary has no objection to the purchase of the machinery referred to, and the scales of pay as proposed by him, are adopted in the case of the establishment to be entertained in this connection. Necessary provision has been made in the budget estimates of the Trust Board for the Year 1947-48 to meet this expenditure.

The proposals have been accepted by the Minister for Finance and Industries and approval of the Council of

(Continued on Page 2.)

of Ministers is solicited to:-

1) the purchase of the Machinery, Tools and Plants at a cost of Rs.1,26,500/-, a n d

2) the entertainment of the establishment required therefor.

The question having been ordered to be disposed of by circulation, the above note is circulated.

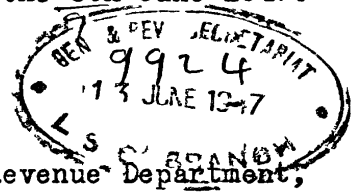
Dated, Bangalore, the 6th June 1947.



To

H.N. Pallegar, Esq., M.A ; LL B.,
Secretary to Government, Revenue Department,
Bangalore.

Sir,

Subject:- Purchase of machinery, tools and plant, survey and Mathematical instruments required for the use of the Trust Board.

In forwarding herewith a copy of report dated 13-5-47 prepared by the Engineer Officer attached to the Trust Board explaining the need for the purchase of machinery, tools and plant, survey and mathematical instruments etc , required for the use of the Board, I have the honour to state that this subject was placed before the Board at its meeting held on 27-5-47 and the need for the purchase of the above was explained to the members with a view to facilitate the speedy and efficient execution of work by the use of the machinery in place of manual labour It was explained that in these days of high cost of labour and the length of time taken to execute the several works by manual labour and in the interest of speedy execution of works, it was felt absolutely necessary and economical in the long run to purchase the machinery as proposed by the Engineer. The members of the Board unanimously approved of the proposal and passed the following resolution

> "RESOLVED that the proposals of the Engineer Officer for the purchase of machinery, tools and plant, survey and mathematical instruments etc., required be approved and recommended to Government for sanction with details of cost therefor."

I request that in these circumstances, sanction of Government may kindly be obtained to the proposals submitted

by the Engineer Officer and approved by the Board, the cost on this account being met out of the grant to besanctioned in the next year's budget. The provision for these items has also been made in the provisional budget prepared for the Board for the year 1947-48 which will be submitted to Government in due course after placing it before the Board at the special meeting to be held on 16-6-47.

The proposal of the Engineer Officer to entertain establishment for working out the machinery at a cost of Rs 2,605/- p.m may be sanctioned later after sanction of Government to the purchase of the machinery etc., is received and after the purchase is actually effected.

I have the-honour to be,
S i r,
Your most obedient servant,

C.V. Narasimhaiah
CHAIRMAN.

gvm/-

Report dated 13-5-47 from the Engineer Officer, C.I. Trust Board, Bangalore.

Subject - Re. purchase of machinery, tools and plant, survey and mathematical instruments.

I have the honour to report that the Trust Board is launching upon huge schemes viz , forming extensions like Kankanpalya, Labour Colony, Malleswaram West, Gavipur Extension, Guttahalli Extension and forming Industrial Suburbs in the north and the south zones The schemes are very huge ones and it is contemplated to push them through expeditiously with the help of machineries It need not be pointed out that Labour has become scarce and further, what labour is available is rather too costly. The little labour that is available in Mysore State is gradually diminishing on account of the huge projects that have been started in the neighbouring Provinces Hence, it becomes absolutely necessary to proceed with these works expeditiously with the use of modern machinery

2 A list of the machineries, tools and plant, survey and mathematical instruments that are necessary is enclosed herewith for favour of perusal I request that this matter may be placed before the next Board meeting and their approval taken and submitted to Government for final sanction, as immediate arrangements have to be made to obtain these machineryes from the Military with whom they are available

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE SECRETARIAT

No L 1533

Bangalore, Dated 24th July 194

FROM

Revenue Secretary to the Government of His Highness the Maharaja of Mysore

To

The Chairman,
Bangalore City Improvement Trust Board,
BANGALORE CITY

Sir,

With reference to your letter No 3372 dated 6/9th June 1947 regarding the purchase of machinery tools and plants etc required for use in the Trust Board, I am directed to state that the Chief Engineer for Roads and Buildings who was consulted in the matter, has furnished his opinion as follows:-

" The Trust Board proposes to purchase earthwork and other machinery at an initial cost of Rs.2,40,000/-. The maintenance staff etc, required amounts to Rs 2,600/- per month As seen from the programme of works as furnished to me by the Trust Board Engineer, I am of opinion that during the current official year at any rate there seems to be no need for the purchase of any earth moving machinery Even later on, I am not sure that such machinery would at all be needed

2) When large quantities of earthwork or other kind of work are to be done, it is best to give it away to competent contractors or piece-workers Employing machinery will not bring down cost in any case

3) The Agricultural Department had purchased some Bull dozers One or two may be tried in a place where a new road is to be formed It is seen that a Bull dozer cannot cut if the soil is soft rock or chattu The machine will be useful only if the earth is fairly soft

4) If construction of new roads on a large scale is to be taking up, a steam or better a Diesel roller, one water

water lorry, one tar boiler may be found useful A jeep car and a station van meant for inspection purposes may be needed.

b) The other items may not be needed this year and their purchases may be postponed *

In the light of the above remarks of the Chief Engineer for Roads and Buildings I am to request you to furnish your further remarks in the matter and also your definite requirements in this behalf.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO GOVERNMENT,
REVENUE DEPARTMENT

DS/2

No g 53/47

THE CITY IMPROVEMENT TRUST BOARD,
"Ranga Vilas", Seshadri Road,
Dated, Bangalore, 9th August 1947

To

SYED ABDUL ALEEM, ESQ , B A ,
Secretary to Government,
Revenue Department, BANGALORE

DEV SECRETARIAT 939 12 AUG 1947 L S G BRANCH

Sir,

SUBJECT - Purchase of Machinery, Tools and Plant etc , required for use of the Trust Board.

Adverting to your letter No L 1533 dated the 24th July 1947 forwarding for remarks, the opinion furnished by the Chief Engineer for Roads and Buildings in the matter, I have the honour to state that the Trust Board proposed in their resolution dated 27-5-47 to purchase (i) earth removing and other machinery at an initial cost of Rs 2,40,000/- with (ii) a maintenance staff amounting to 2,605/- p m (iii) Tools and Plant articles at a cost of Rs 6,500/- (iv) Survey and Mathematical instruments at a cost of Rs 5,500/-

The following is the list of machinery proposed

	Name	No	Approximate cost Rs
1.	Bull Dozer	11	3,000/-
2.	Steam Road Rollers	2	50,000/-
3	Stone Crushers	1	20,000/-
4	Cement Mixer	4	30,000/-
5	Mechanical Drills	6	15,000/-
6	Lorries	2	15,000/-
7	Water Lorries	2	20,000/-
8.	Tar Boilers	4	30,000/-
9	Nissen huts	6	6,000/-
10	Jeep Car	1	4,000/-
11	Station Waggon	1	8,000/-
12	Excavation 3/4 C Yd capacity	1	12,000/-
	Total .		2,40,000/-

2 The programme of works of the Trust Board which will be commenced during the current year and continued

up later is given below

1. Formation of the Industrial Suburb North Zone.
2 Formation of the Southern Zone
3 Formation of a residential Extension in Industrial Suburb for housing the labour.
4. Kankanpalya Extension.
5 Kumara Park West Scheme
6 Slum Clearance in Dobspet and Vasanthanagar

3. The above schemes are all sanctioned schemes and work is to commence immediately. The area of the North Zone of the Industrial Suburb and 190 acres in the Southern Zone and the area covered by the residential area in the Industrial Suburb have already come to the possession of the Trust Board

4 It is felt by the Board that to facilitate the formation of roads and levelling of lands required for the purposes in view in these schemes with great expedition and considerable reduction in cost, a Bull Dozer is an absolute necessity It is understood that the Agricultural Department is not in a position to spare any Bull Dozer. From information available, it is learnt that a Bull Dozer is a great labour savings machine while at the same time, the work of forming and levelling is done within the least possible time This was amply demonstrated during the works carried out for the Olympic Stadium and in the initial stage of the Kumara Park West Scheme.

5. It is undoubted that today labour is as scarce as it is costly, securing food for labourers is a problem. As regards most of the lands covered by these schemes, the soil is mostly soft and lends itself to

successful operation by Bull ed Dozers. Competent contractors and piece workers will also be employed for works that cannot be done by Machinery.

6. Two road Rollers (either Steam or Diesel) are very necessary, since the field operation of the works noted above are very far apart. The Industrial Suburb area will have more than adequate work for one Roller, while the Kankanpalya Extension alone will have more than 50 miles length of roads For the same reasons, two Water lorries and two lorries for conveying material are to be used.

7. The road works requires considerable quantities of stone jelly etc One Stone Crusher which turns out these materials at the quarry at a very cheap e rate, will undoubtedly help in securing the required quantities according to specifications at the quickest time It reduces the cost The purchase of this should not be postponed.

8. To feed the Crusher with materials, mechanical drills could very x usefully be employed and are usually employed, particularly when time is a great factor. The Drills will also be used for rock cutting while forming roads.

9. The nissen huts are urgently required in order that each one of them may be located in the Field of operations to store articles and serve as a temporary office to accommodate the executive staff who will be in charge in those areas

10 All these matters having been considered,

the Board resolved

> "THAT the Board reiterated its previous resolution that the machinery etc , recommended was quite necessary and might be sanctioned and that the same may be obtained in instalments as and when available."

The machinery will have to be purchased as and when they become available in the market

11. I request that in these circumstances, orders of Government may kindly be obtained to the purchase of the machinery, tools and plant etc , as resolved by the Board and recommended in this office letter No 3372 dated 6/9th June 1947.

I have the honour to be,
Sir,
Your most obedient servant,

CHAIRMAN

No. G.95/47

Office of the Chairman,
City Improvement Trust Board,
Dated, Bangalore, the 16th Septr 47.

To

SYED ABDUL ALEEM, Esq., B.A.,
Secretary to Government,
Revenue Department,
BANGALORE

Sir,

With reference to your Office D O letter No.L. 914-5 dated 10th September 1947 asking me to meet the Minister for Education and Public Health in his Chamber on the - 11th instant in connection with the purchase of machinery, tools and ,required for the City Improvement Trust Board, Bangalore, I have the honour to state that I met the Minister on the day fixed, with the Engineer Officer and after a personal discussion with the Minister it was decided that the Machinery, Tools & Plant and Survey & Mathematical Instruments as per list enclosed may be purchased for the present. It was also decided that the establishment proposed in the appended list for running the Machinery was also absolutely necessary and may be sanctioned.

I accordingly request that sanction of Government may kindly be obtained to the purchase of the Machinery, Tools & Plant etc., as per enclosed list and to the entertainment of the establishment required for running the - machinery. Necessary provision to meet the cost on this account is being made in the Budget of the Board for 1947-48

I have the honour to be,
Sir,
Your most obedient servant,
C N Narasimha Rao
CHAIRMAN,
City Improvement Trust Board,
Bangalore.

To

The Chairman

Town, Bangalore

Sir,

With reference to the correspondence ending with your letter No J 95/47, & 16-9-47, re purchase of machinery etc I am directed to state that the ~~ordinarily granted rules~~ scales of pay of the ordinarily rules appear to be ~~very liberal~~. The scales sanctioned ~~establishments~~ in the Agricultural Dept. for this class of persons have

been revised, and ~~which~~ I am to request you to furnish you opinion as to whether these scales of pay ~~and~~ the ~~present~~ establishment proposed to be sanctioned in this connection ~~by~~ drivers, cleaners, helpers, ~~mechanics etc~~ may not also be adopted in the present case also.

I have etc

Dated, Bangalore, the 29th December 1947

To

SYED ABDUL ALEEM, ESQ , B A ,
Secretary to Government,
Revenue Department,
Bangalore

Sir,

SUBJECT - Scales of pay for the Drivers of Tractors and other Machineries to be purchased by the Board

Referring to the correspondence ending with your letter No 11042/M1 13-47-22 dated the 21st November 1947 asking for my opinion as to whether the scales obtaining in the Agricultural Department for the class of persons referred to in this office letter No G 95 dated 16th September 1947 may not be adopted in the present case also, I have the honour to state that this question was placed before the Board for consideration at its meeting held on 22-12-1947 when Rajakaryaprasakta V Narasimhaiya, Chief Engineer for Irrigation suggested that it would be better that the scales of pay as obtaining in the Agricultural Department be adopted in the Trust Board also

This was agreed to

I accordingly request that sanction of Government may kindly be obtained to fix the scales of pay of the Mechanical Establishment as obtaining in the Agricultural Department

Early sanction of Government may also be obtained to the purchase of the machinery, tools and plant and survey and mathematical instruments as recommended in this office letter of 16th September 1947

I have the honour to be,
Sir,
Your most obedient servant,

CHAIRMAN
